The corner cover insert should be pushed flat against the corner cover. corner cover Mounting Instructions: 1. Select approximate location for mounting Blackboard and mark height on wall. 2. Use a level and draw a horizontal line the full width of Blackboard on the wall (approximately 1307.8 mm / 51.5 in.) 3. Using a stud finder (not included), make a small mark on the line to identify stud locations. 4. Choose two studs that are at least 32" apart to secure the two included mounting brackets using the four Blackboard™ included screws. Drill four pilot holes using 3/32" drill bit. Marker Be sure to keep the two mounting brackets aligned and level when securing to wall. 5. Carefully slide Blackboard onto the mounting brackets. 6. Using a pencil, make a mark on the wall through the two bottom mounting holes. 7. Remove Blackboard from the wall. Using a 3/4" drill bit, drill a hole on the two corner marks and press the included drywall anchors into the holes. 8. Mount and reposition Blackboard so that the wall anchors are aligned with the two mounting holes. 9. Secure Blackboard directly to the wall using one screw in each of its two bottom corners. 10. Carefully slide each corner cap into position over the two bottom corners until you hear or feel a click. Tools Needed: Drill with 1/4" Drill Bit Wall Stud Finder 3/32" Drill Bit Level Pencil Phillips No. 2 Screwdriver Tape Measure Blackboard by Boogie Board is the ultimate writing tool. It's Liquid Crystal Paper that writes electronically without ink or paper. Write on included templates like lines, grids, and more. Or write, trace, doodle, and create on anything - like documents, photos, even digital screens! Before you begin using Blackboard, practice these simple instructions and calibrate exact-erase to make sure you get the most out of your Blackboard writing experience. Blackboard offers two satisfying ways to erase your work - Clear and Exact-Erase. This video shows you how they both work. The Exact-Erase function on Blackboard lets you erase just a portion of your work, similar to erasing like pencil. Exact Erase should be calibrated on first use and this video will show you how! Blackboard has a Lock Switch which protects your work from accidental erasing. Sliding the Lock Switch to the right disables both the clear and the exact-erase functions. The red indicator on the Lock Switch tells you that Blackboard is locked and that your work is protected. Back to the top
